TIERED ACRYLIC DISPLAY UNITS

Tiered Display Units for Showrooms + Trade Shows

For over 10 years, **CreativeFx** has perfected the art of custom film outputs and installations. Now, you can showcase your own films in the same professional, eye-catching way we do at industry shows.

Our **Tiered Acrylic Display Units** are designed to make your films look their best — whether in your showroom, at a tradeshow booth, or in a client demo space.

- 10+ Years of Experience perfecting custom film outputs
- Show-Ready Impact – developed and tested at major tradeshows, these units are designed to impress

Customization Options

Choose from our curated CreativeFx Art Library or provide your own.

Each insert is produced with the same high-resolution film printing we're known for.

Units can be branded and styled to match your showroom or tradeshow booth.

Choose from the CreativeFx Art Library:

Here you can choose from any combination of panel art.

- Art can be chosen and used in a 2 tier and 3 tier display.
- Delivery will include hardware, acrylic pane(s), and window film graphic for install.
- Assembly and installation required.
